Memorandum

Letter No. 359, dated 26th April 1876 from the Deputy Accountant General submitting Budget Estimates of the Taluk Cashah Municipalities of the Mysore District for the year 1876-77.

A Comparative Statement showing the difference between receipts and expenditure of 1876-77 and 1875-76 as herewith submitted. It will be seen that, although the current year's income in some sources less than that of the last year, yet the estimates proposed under the several heads are moderate, and are based on the actuals of 1874-75 and of the first 6 months of 1875-76.

Lithographed

In the Budget of the Chamrajnagar Municipality, an extra charge of Rupees 60 has been provided for the entertainment of a peon on Rupees 5 per mensem. The necessity for an additional peon has not been explained. This may be disallowed.

3. The estimate of Rupees 200 under the head of "Annoy" in the Budget estimate of Nanjangud town appears to be rather high, when compared with the last year's provision.

4. The proposed expenditure exceeds the income by Rupees 300, which sum was set apart to meet one-third of the cost of the dispensary recently opened at that station. The Commissioner proposes to meet the extra charge from the Cash balances standing at

the

the credit of the Municipality: This may be sanctioned.

5. As the income of these minor Municipalities is small, their operations are necessarily confined, at present, to Conservancy arrangements. In view to rendering the finances of the several Municipalities less fluctuating and uncertain than they are under the present mode of taxation, the Chief Commissioner in his Proceedings No. 2874/150 of the 6th July 1875 was pleased to direct that the subject of levying a Municipal House tax in the Ashlaram Division should receive consideration. Although it is nearly a year since the above order was issued, no decision in the matter appears

The Deputy Accountant General submits for sanction the Budget Estimates of the marginally noted towns for the year 1876-77

2. The Receipts are estimated at Rs 83800 which with the previous year's Cash balance of Rs 21197 amount to Rs 104997

3 The Expenditure under all heads is put down at Rs 83800.— leaving a cash balance of Rs 21197 at the close of the year for which the Budget is now submitted

4 From the foregoing statement it will be observed that the estimated income for the year 1876/77 is on the whole less than that of 1875/76

5. The main item of decrease is in the Horse-tax. In the absence of any explanation it cannot be said whether this decrease is due to any reduction in the rates of taxation or to any falling off in the number of horses. The attention of the Commissioner may be drawn to this point and an explanation called for. Horse-Tax

6. The estimated income Octroi

from Octroi is more than the amount budgetted for 1875/76 by Rs 400— Although this is inconsistent with the small collections that have taken place during the first six months of the current year, the President's estimate may be retained since the decrease of Revenue under this head during the latter part of the current year is attributed to the prevalence of Cholera in the town which interfered much with the trade

Tax on professions & trades

7. The actuals of 1874/75 and the collections made during the 6 months of the current and previous

years justify the increase proposed under this head.

8. The slight increase or decrease under other items of receipts call for no remark

9 Attention is invited to the marginal statement of Expenditure.

10 The charge under the head of Collection is the same as for last year. The system of farming the Octroi Collections in the town of Mysore does not appear to have been introduced although the proposal was sanctioned by the Chief Commissioner so far back as 1873

may be called for

Head Office

11. The charge under
the head of "Head office
is put down at Rs 2100
or Rs 100 more than that
sanctioned last year -
Both the President and
the Commissioner calculate
the increase over the
last year's estimate at
Rs 74 as shewn below

50 Rs — allowance to Clock-maker
for winding two Municipal clocks

Rs 24 — Increase to the pay of Pound
-Keeper at the rate of Rs 2 per
mensem.

The balance of Rs 26
may be disallowed —
pending receipt of
explanation from the
Commissioner. The
provision on account

increase to the pay of
Pound-Keeper should not
have been included under
this head it should have
been shewn under that
of "Pounds" on the side
of Disbursements

12 The estimated outlay
for Public Works is Rs 31184
or Rs 4092 less than that
of the preceding year and
the principal works of
improvement are those
enumerated in the
margin. During the last
years a sum of Rs 30,000
was assigned from the
accumulated surplus of
the previous years to
enable the Municipality
to keep the several roads

Condition.

Police

13 The increase of Rs 3200 made under the head of "Police" may be passed as it is required to cover the cost of Peons' Clothing &c as sanctioned by the Inspector General of Police

Conservancy

14 The increase of Rs 2352 provided under Conservancy may likewise be accepted as the President represents that it is impossible to keep with the present establishment some of the filthy lanes of the town in a state of cleanliness The marginal statement shews the cost of the present and the additional establish ments applied for

Cost of present Estt — Rs 12608
Do of proposed Estt —

20 Do — @ 3 Rs — 720

2352.

From para 5 of the President's letter to the address of the Commissioner of Ashtagram it will be seen that only 6 out of 9 latrines are proposed to be constructed during the year 1896-97 whereas the provision made in the Budget is for 8 tolies or Latrine-sweepers. The sum of Rs 168 on account of 2 extra tolies may be struck off and they may if necessary be entertained when the remaining 3 latrines are constructed next year

15. The charge entered under the head of Lighting is the same as

Lighting

for last year viz Rs 3000
although the President
states that he has made
provision for 2 additional
lighters. I may here
bring to notice that whenever
budget statements are
submitted for the Chief
Commissioner's sanction
a list shewing the
particulars of charges
under each item used
to be furnished either
by the Commissioner or
the President of the
Board, but as no similar
statement has been
received this year with
the Budget estimates,
it cannot easily be
determined what the
Lighting charges incl

The amount of Rs 3000 entered under this head last year was admitted on the understanding that Rs 480 were required to defray the cost of the Lighting Establishment and Rs 2520 for the purchase of lamps, oil &c. Before however admitting this figure the Commissioner may be asked to state the particulars of charges included in this item and it should be reduced unless the Board contemplate buying lamps in addition to those purchased last year

The other items of charges call for no remark

A reference to the marginal statement shews that there is an estimated net increase of Rs 525 under the head of receipts over the estimate of the past year.

The estimate under the head of Octroi exhibits a decrease of

of Rs 50 when compared with that of the past year. The actual collections of 9 months as shewn in Column 2 do not warrant the Board's estimate of Rs 2500 made under this head and in the absence of any explanation in support of more hopeful estimates the figure may be reduced to Rs 2000. which very nearly touches the collections of the year 1874/75.

4 A decrease of Rs 30 is visible under this head also below the estimate of the past year, it appears to me

Memo in Continuation of No 4185 of 14th February

Orders based on the foregoing Memo were communicated to the Commissioner of Castlegrain who in reply submits explanation from the Chief Mysore Municipal Board on the several points raised in this Office Proceedings No 9463/576 of the 4th March last

Mysore Town — The Resident states that the decrease of Rs 500 under the head of House Tax noticed in para 3 of the above Proceedings was chiefly owing to balances of former years having been collected in the past year and that the figure shown in the Budget represents the actual yearly income expected

With reference to the
inquiry contained in para 6
(a) why the collection of
Octroi was not farmed out
though the measure was
sanctioned long ago, Col.
Kenton states that the
tenders called for did not
equal the amount collected
under the management
of the Board - Hence the
system was not adopted

The sum of Rs 26
disallowed under the head
"Head Office" is stated to
be required to cover the cost
of printing Khulasa patties.
It is wrong to include printing
charges under Hd Office
when it can legitimately be
entered under "Miscellaneous"
The sum shown in the
Column of "Hd Office"

is intended to show the
actual cost of Establishment
kept up in Head Office —

Rs 168 struck out
under the head of "Coorman"
may now be admitted
as they are said to be
needed to meet the pay
of 2 coolies employed in
cleaning the Cutcherry buildings
during the last year

I 574

The Officiating Commr
is pleased to sanction
the Budget Estimates
of the Municipalities
of the towns of Mysore
and Hassan for 1876-77.
Submitted with the
Depy Accl General's
letter above read
subject to the following
remarks.

Mysore Town-

2. The estimated
receipts of the Mysore
Town-

Town Municipality
amount to Rs 104997, including
the previous year's cash
balance of Rs 21197,
and the total Expenditure
under all heads a/c to
Rs. 83800, leaving a
balance of Rs 21197
at the close of the year.

3. A decrease of Rs 500 House tax
is observed in the receipts
from "House tax" compared
with those of the previous
year. It does not appear
whether this decrease
is due to reduction
in the rates of taxation
or to falling off in the
number of houses. The Municipal Commissioners
The Commissioners is
requested to Explain
this point.

Octroi.

4. The system of farming the Octroi collections in the towns of Mysore does not appear to have been introduced, though the measure was sanctioned by the Chief Commr so far back as 1873. The Commissioner is requested to report on this point.

C.C.'s Proc. No. 4078/82 dated 22nd Octr 1873.

Head Office -

5. The charges under the item "Head Office" is put down at Rs 2100 or Rs 100 more than that sanctioned last year. Both the President and the Commissioner can ... the increase at Rs 74 as follows.

(1) allowance to clock maker for winding two Municipal clocks —— Rs 50

(2) Increase to the pay of pound Keeper at Rs 2 per mensem —— Rs 24.

The balance of Rs 26 is disallowed pending receipt of Explanation from the Commr. The increase to the pay of the pound keeper should not have been included under this head, but should have been shown under that of Pounds on the side of Disbursements.

Conservancy

6. It would appear from para 5 of the President's letter to the Commissioner of the Ashtagram Division, that only six

* No 210 of 11 Dec 1895 to the Commr A. Div

latrines are proposed to be
constructed during the
year whereas provision
is made for eight latrines
as latrine numbers, in
the Budget Estimate.
The sum of Rs 168
on account of 2 extra
latrines should be struck off
during the present year

Lighting

7. The charge entered
under the head of lighting,
is Rs 3000 being the same
as that sanctioned for
last year, though the
President states that
he has made provision
for 2 additional lighters.
~~In the~~ absence of the
list which used to be
~~supplied~~ showing the
particulars of charges
under each item,
it cannot be
determined

1 what the lighting charges
to include. The Commissioners
is requested to supply
12 them accordingly.
//

5. The total receipts Hassan Town.
of the Hassan Town Munici-
=cipality are estimated
at Rs 6900 inclusive
of the previous year's
Cash balance of Rs 1000.
The estimated Expenditure
amounts to Rs 6900.

9. The receipts Octroi
under Octroi are esti-
=mated at Rs 2500
The actual collections
of nine months in 1875-76
do not warrant the
adoption of so high an
estimate, and the figure
should be reduced
to Rs 2000, which very

nearly touches the Co e tons
of 1874-75.

House tax.

10. The estimated income of Rs 1900 under the head of House-tax appears also to be too sanguine, but is allowed to stand, on the Deputy Commissioner's responsibility

Extraordinary

11. The sum of Rs 250 entered under the head of Extraordinary, and which is expected from the sale of waste lands situated within the Municipal limits, should be struck off as under the Chief Com's Proc. No $\frac{2438}{7\ 116}$ dated 21st June 1875, the proceeds are credited to Revenue deposits

Letter No 162 dated 12th April 1876

With the above the Deputy Accountant General submits the Budget Estimates of the Mysore and Seringapatam Municipalities for the year 1876-77

Mysore Town-

It will be observed from the marginal statement that the receipts for 1876-77 amount to Rs 5682 including the previous years Cash balance of Rs 3292 and the Expenditure proposed is exactly made equal to the total income or Rs 5682

On the debit side a small increase of Rs 36 has been proposed under the head of "Collection" for the entertainment of a peon.

be deferred till next year, the amount allotted therefor being transferred to the head of Cash balances to enable the Municipality to meet any unforeseen charges

A sum of Rs 600 has been provided under the head of "Charitable grants" as contribution from the Municipality of one third of the charges of the dispensary newly opened at Mineur.

The charge under the head of "Conservancy" exceeds the last years estimate by Rs 300 and the increase is proposed to be incurred in strengthening the existing establishment by the employment of additional sweepers as shown below

2 Sweepers @ 5/- 120
1 Cart @ 15/- 1.0

The increase shown under the head of "Miscellaneous" is on account of charges such as the purchase of tools and payment of Rewards for killing mangy dogs.

The Municipal Revenue of this town together with the previous years Cash balance are put down at Rs 20356 as against Rs 19280. The chief item of increase is Octroi. Some explanation is needed in regard to the decrease of Rs 192 anticipated under the head of "Taxon Professions & trades".

Under the head of "Fines" a sum of Rs 200 is included which is to be recovered for breach of Municipal

The other items of receipts call for no remark as the estimates proposed are more or less based on the actuals of past and of the first 6 months of 1875-76

The estimated Expenditure is Rs 17594 or Rs 6433 more than the budgetted income - The Excess outlay is proposed to be met from the previous year's surplus amounting to Rs 11795-9-6. The President has erroneously included under "Public Works" the charges on account of Head Office and Lighting amounting to Rs 446 and 1050 respectively when there are separate heads prescribed for these items in the Budget statement

The estimated expenditure under the head of "Conservancy" is Rs 3786 or Rs 300 more than that of the last year. Except a small addition of Rs 60 at Rs 5 per mensem proposed to be made to the pay of Conservancy Overseer the necessity for the balance of Rs 240 has not been explained.

Under the item of "Miscellaneous" an increase of Rs 1500 is provided for to meet charges not otherwise included in the Budget.

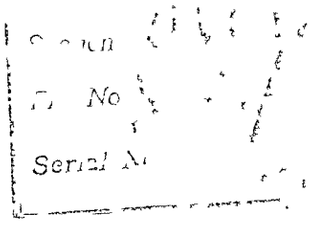
No. 3003/78

Dy. 23rd June 1876



Order thereon

The Budget estimates for 1876-77 submitted with the above letter are sanctioned with the following exceptions

In the Budget of the Chaura Bagar Municipality an extra charge of Rs. 60 has been provided for the entertainment of a peon on Rs. 5 per mensem — the necessity for an additional peon has not been explained

and the charge is therefore disallowed.

In consequence of a provision of Rs 300 having been made in the Budget of the Ratnagiri Municipality to meet one-third of the charges of the Dispensary, recently opened, the total Expenditure exceeds the income, and the Commissioner proposal to meet the excess, viz Rs 300, from the Cash balances standing at the credit of the Municipality is approved.

The attention of the Commissioner is drawn to the Chief Commissioners Proceedings No $\frac{2874}{+150}$ dated 1st July 1875 and he is requested to take early
